**Abstract:** Limits the amount of state dollars to be spent under the Percent for Art Program to the lesser of \$100,000 per project or 1% of the state money to be expended on the project.

Present law, the Percent for Art Program, requires state agencies to dedicate 1% of state funds for construction or renovation project costs to acquire, conserve, or restore and install works of art. Applies only to projects with state funding costs of \$2 million or more.

Proposed law caps the amount of state funds dedicated to works of art to the lesser of \$100,000 per project or 1% of the state money to be expended on the construction or renovation project.
