HB 844 Original

2016 Regular Session

James

Abstract: Provides for an extension of driving privileges following an order by the Dept. of Public Safety and Corrections suspending, disqualifying, or revoking a persons' driving privileges if the person takes certain actions.

Present law requires that upon suspension or denial of a license to drive due to impairment related offenses, the Dept. of Public Safety and Corrections shall immediately notify the person in writing and upon his request shall afford him an opportunity for a hearing.

Proposed law retains present law and adds that present law applies when a license to drive is disqualified.

Present law provides that such hearing shall be limited to the following:

- (1) Whether a law enforcement officer had reasonable grounds to believe the person, regardless of age, had been driving or was in actual physical control of a motor vehicle upon the public highways of this state, or had been driving or was in actual physical control of a motor-powered watercraft upon the public navigable waterways of this state, while under the influence of either alcoholic beverages or any abused substance or controlled dangerous substance as set forth in present law (R.S. 40:964).
- (2) Whether the person was placed under arrest.
- (3) Whether he was advised by the officer as provided in present law (R.S. 32:661).
- (4) Whether he voluntarily submitted to an approved chemical test and whether the test resulted in a blood alcohol reading of 0.08 percent or above by weight, or of 0.02 percent or above if he was under the age of 2 years on the date of the test.
- (5) Whether he refused to submit to the test upon the request of the officer.
- (6) Such additional matters as may relate to the legal rights of the person, including compliance with regulations promulgated by the Dept. of Public Safety and Corrections and rights afforded to the person by law or jurisprudence.

Proposed law retains present law.

Present law provides that no law enforcement officer shall be compelled by the person requesting the hearing to appear or testify at such hearing and that there is a rebuttal presumption that any inconsistencies in evidence submitted by Dept. of Public Safety and Corrections and admitted at the hearing shall be strictly construed in favor of the person regarding the revocation, suspension, or denial of license.

Proposed law retains present law.

Present law provides that after a person has exhausted his remedies with the Dept. of Public Safety and Corrections, he shall have the right to file a petition in the appropriate court for a review of the final order of suspension or denial.

Proposed law retains present law and adds that present law applies when a license to drive is disqualified.

Present law provides that upon its review of the final order of suspension or denial by the Dept. of Public Safety and Corrections, the court may exercise any action it deems necessary under the law including ordering the department to grant the person restricted driving privileges where appropriate.

Proposed law retains present law and adds the court may order the department to grant only non-commercial driving privileges.

Proposed law provides that upon filing a petition for review, the licensee shall serve the department with a copy of the petition and summons. Upon receipt of a copy of the petition for review by the department, the temporary license issued pursuant to present law (R.S. 32:667(D)(1)) shall be extended until the decision on the petition for review is final. The court, on its own motion, or on the motion of either party, may modify, or vacate the issuance of the temporary license upon a showing of good cause.
