EXPENDITURE EXPLANATION

This legislation may result in an indeterminable increase in state general fund expenditures if a defendant is convicted of possession of a firearm or dangerous weapon on the premises of a motion picture theater and is sentenced to a maximum of 2 years of imprisonment.

SGF expenditures will increase by \$51.68 per offender per day if offenders are housed in state facilities and by \$24.39 for state offenders housed in local facilities. Offenders sentenced to the custody of the Department of Public Safety and Corrections for one year would increase SGF expenditures by \$18,863 (\$51.68 per day x 365 days) if housed in a state facility and \$8,902 (\$24.39 per day x 365 days) if housed in local facilities. Approximately 50% of state offenders are housed in state facilities and approximately 50% of state offenders are housed in local facilities.

To the extent an offender serves the maximum of two (2) years, the cost in a state facility would be \$37,726 (1 offender x \$18,863 per year x 2 years) or \$17,804 (1 offender x \$8,902 per year x 2 years) if a state offender is housed in a local facility.

REVENUE EXPLANATION

The proposed legislation may result in an indeterminable increase in local funds revenue as result of potential fines. The fine assessed for the offense of *possession of a firearm or dangerous weapon on the premises of a motion picture theater* is a maximum of \$2,000. The potential revenue will accrue to the local governing authority.
