Abstract: Provides relative to the supervision and enforcement of the collection of certain inspection and supervision fees.

Present law provides for enforcement and supervision by the Department of Revenue of the collection of certain inspection and supervision fees for motor carriers and public utilities. Further, a law repealed in 2007, provided for the assessment of the fees for railroads operated under the same management as the motor carriers and public utilities.

Proposed law changes present law to account for the repeal of the law related to railroads.

Effective upon signature of governor or lapse of time for gubernatorial action.
