Abstract: Provides relative to the issuance of multiple hang tags for persons with mobility impairments.

Present law authorizes the commissioner to issue an additional hang tag to a person with a mobility impairment if that person is dependent on both parents who are divorced and residing in separate households.

Proposed law modifies present law by authorizing the commissioner to issue additional hang tags on behalf of any person with a mobility impairment, instead of solely to mobility impaired dependents of divorced parents residing in separate households.

(Amends R.S. 47:463.4(B)(6))

Summary of Amendments Adopted by House

The Committee Amendments Proposed by House Committee on Transportation, Highways and Public Works to the original bill:

1. Authorize the commissioner of motor vehicles to issue multiple hang tags to any person with a mobility impairment, instead of just to a person with a mobility impairment whose parents are divorced and residing in separate households and who is dependent on both parents.
2. Make technical changes.
