HB 888 Engrossed

2016 Regular Session

Pierre

Abstract: Modifies the notice requirement dealers who sell trade-in vehicles must follow for canceled license plates. Also, extends the notice requirement to canceled license plates for leased vehicles.

Present law requires any dealer of motor vehicles who receives a previously owned vehicle with the intention of reselling such vehicle to remove the license plate from that vehicle and execute an affidavit attesting to that fact and attach said affidavit to the title and registration.

Proposed law modifies present law by requiring the dealer to remove the license plate and submit an electronic notification to the Dept. of Public Safety and Corrections attesting that the license plate has been removed instead of executing an affidavit and attaching the affidavit to the title and registration. Also, extends the notice requirement for canceled license plates in present law to leased vehicles.
