EXPENDITURE EXPLANATION

This legislation may result in an indeterminable increase in state general fund expenditures if a defendant is charged with: 1) collecting, harvesting, selling, receiving, or otherwise transfer or acquire a fetal organ or body part resulting from an induced abortion; 2) transporting with the intent to sell or otherwise transfer a fetal organ or body part resulting from an induced abortion; 3) transport a fetal organ or body part resulting from an induced abortion that has been acquired by any person via any transaction prohibited by proposed law is to be sentenced to hard labor for a minimum of 10 years or maximum of 50 years of which 10 years must be served without the benefit of probation or suspension of sentence.

SGF expenditures will increase by \$51.68 per offender per day if offenders are housed in state facilities and by \$24.39 for state offenders housed in local facilities. Offenders sentenced to the custody of the Department of Public Safety and Corrections for one year would increase SGF expenditures by \$18,863 (\$51.68 per day x 365 days) if housed in a state facility and \$8,902 (\$24.39 per day x 365 days) housed in local facilities. Approximately 50% of state offenders are housed in state facilities and approximately 50% of state offenders are housed in local facilities.

To the extent an offender serves the minimum of ten (10) years, the cost in a state facility would be \$188,630 (1 offender x \$18,863 per year x 10 years) or \$89,020 (1 offender x \$8,902 per year x 10 years) if a state offender is housed in a local facility.

REVENUE EXPLANATION

The proposed legislation may result in an indeterminable increase in local funds revenue as a result of potential fines for harvesting, selling, receiving, acquiring or transporting fetal organs or body parts resulting from an induced abortion. The maximum fine assessed is \$50,000. The potential revenue will accrue to the local governing authority.
