EXPENDITURE EXPLANATION

Under the proposed legislation, the \$4 fee collected by local clerk of courts on long form birth certificates and death certificates will no longer be deposited into the Vital Records Conversion Fund statutory dedication within OPH. The Vital Records Conversion Funds is used to maintain and support the LA Electronic Event Registration System (LEERS), a webbased application that electronically transmits and stores vital record information.

REVENUE EXPLANATION

The proposed legislation does the following: (1) increases the fee charged to a requester for a certified copy of the long form birth certificate and long form death certificate (first and subsequent issuance) by \$6; and (2) eliminates the requirement that local clerk of courts submit \$4 of the new \$15 fee to the Vital Records Conversion Fund statutory dedication within OPH; thereby redistributing the \$4 fee from OPH to local clerk of courts. In FY 16, OPH is budgeted \$39,404 from the Vital Records Conversion Fund. See tables below.

*Collected by the Clerk of Courts						

In FY 15, local clerk of courts issued 81,558 long-form birth certificates and 1,369 death certificates. Based on FY 15 actual collections, total projected fees collected by clerk of courts is anticipated to increase by \$829,270 ($81,558 + 1,369 = 82,927 \times 10) and total projected fees remitted to the Vital Records Conversion Fund from the clerk of courts is anticipated to decrease by \$331,708 ($82,927 \times 4) in FY 17. Total revenues are anticipated to increase by \$497,562 (\$829,270 - \$331,708) as a result of this measure.
