## DIGEST 2016 Regular Session

Gatti

Present law provides for the requirements of a manufacturer, dealer-distributor, user, blaster, or

handler of explosives to obtain a state-issued license.

Proposed law retains present law and adds the requirement of proof of a \$50 million liability insurance policy to cover damage caused by blast waves, blast wind, fire, fragmentation, open burning, secondary fragmentation, shockwaves and stress waves as a condition of issuance of a

license when the applicant is in control of demilitarized explosives, propellants, and recycled bomb materials in excess of one-half million pounds or more.

Effective August 1, 2016.
