A. (1) By majority vote of its elected members, the House of Representatives is free to proceed with any impeachment under its own constitutional authority at any time notwithstanding these procedures. The House may adopt rules of impeachment and may act in accordance with those rules during a session on any resolution of impeachment filed in the House of Representatives in the same manner as for passing a bill through the House of Representatives, but notwithstanding any deadline for filing bills or substantive resolutions.

(2) This Section shall provide an additional method to orderly consider impeachment.

(3)(a) If the complaint is against a judge, the Speaker of the House of Representatives or President of the Senate may elect to request a confidential report from the Judiciary Commission to ascertain whether the matter is already under active investigation or may elect to propose that the legislature issue a Special Legislative Address for Investigation pursuant to Section 1423 of this Chapter.

(b) If the complaint is against an official for conduct subject to the jurisdiction of the Board of Ethics, the Speaker of the House of Representatives or President of the Senate may elect to request a confidential report from the Board of Ethics to ascertain whether the matter is already under active investigation.

(c) The Speaker of the House of Representatives or President of the Senate may to direct that proceedings pursuant to this Section be paused pending the conclusion of disciplinary proceedings in another body. However, upon written petition of three-fifths of both the House of Representatives and the Senate, the investigation shall proceed under this Section.

B. Upon request by three-fifths of both the House of Representatives and Senate, which may be by written ballot, the Speaker of the House of Representatives shall appoint three

members of the House of Representatives, the President of the Senate shall appoint three members of the Senate, and the Speaker of the House or Representatives and President of the Senate shall jointly appoint one member of the legislature as chair of a Joint Legislative Committee on an Impeachment Investigation. The joint committee shall have the power of subpoena as a committee of the legislature.

C. (1) An impeachment investigation request under this Section may be filed in writing by three-fifths of both the House of Representatives and Senate and shall be based upon a sworn complaint filed by any citizen with the clerk of the House of Representatives alleging a violation warranting impeachment under Section 24 of Article X of the Constitution of Louisiana.

(2) The complaint shall contain the name and legal address of the person filing the complaint, be based on the complainant's personal knowledge, state detailed facts, specify the actions of the named respondent which form the basis for the complaint, and identify each specific rule or law alleged by the complainant to have been violated.

(3) Upon a determination by three-fifths of the appointed members of the joint committee that the complaint states facts supporting a finding of probable cause of a violation warranting impeachment, the committee shall proceed with an investigation. The joint committee may appoint a special master or special subcommittee to gather and report facts. Following any failure by the joint committee to determine under this Paragraph that the complaint states facts supporting a finding of probable cause of a violation warranting impeachment, the complaint shall be dismissed.

(4) Unless dismissed, the committee shall investigate, give reasonable notice to the respondent, and grant the respondent an opportunity to be heard. Any special committee or special master's report and recommendation shall be presented to the chair of the joint committee as soon as practicable after the close of the investigation. If the report and recommendation conclude that the facts do not support a finding a violation warranting impeachment, the complaint shall be dismissed unless three-fifths of the appointed members of the joint committee vote to proceed.

(5) If the report and recommendation of the special master or the select committee conclude that the facts support a finding of a violation warranting impeachment, the joint committee shall consider the report and recommendation, may make further inquiry, shall grant the respondent an opportunity to be heard before it, and shall respond to the report by taking any of the following actions: (a) dismiss the complaint, (b) issue a reprimand from the joint committee, or (c) develop its own recommendation to the Speaker of the House of Representatives based on its investigation provided that any recommendation for impeachment shall be pursuant to Paragraph (6) of this Subsection.

(6) If the joint committee recommends impeachment by a three-fifths vote of its appointed members, the Speaker of the House of Representatives shall present the committee's final recommendation along with any findings of the special master or special committee, to the House for final action.

(7) No member of the joint committee is recused from further consideration of the impeachment proceedings or a subsequent senate trial.

D. Any material provided to the House of Representatives or joint committee in response to a complaint filed under Rule that is confidential under applicable law shall remain confidential and shall not be disclosed to any person unless impeachment proceedings are recommended.

E. A complaint under this Section must be filed within two years after the alleged violation. A violation is committed when every element necessary to establish a violation of the rule has occurred, and time starts to run on the day after the violation occurred. A continuing violation does not prescribe. The applicable period of limitation is tolled on the day a sworn complaint is filed with the Clerk of the House of Representatives.

F. When the House of Representatives is in recess or not in session, the Speaker of the House of Representatives may appoint a replacement for any impeachment manager appointed by the House of Representatives if the manager neglects or cannot perform the duties of a manager or if the manager resigns. The Speaker of the House of Representatives shall be the sole judge of such matters.

G. The Senate shall determine the time for the trial of any impeachment and may sit for the trial whether the legislature is in session or not. The President of the Senate may fix special meetings of the Senate under Section 24 of Article X of the Constitution of Louisiana for this purpose. The President of the Senate may appoint a special impeachment committee to develop the rules and procedures for any particular impeachment.

§1423. Special Legislative Address Concerning Investigation of a Judge.

In lieu of bringing impeachment proceedings, the legislature by concurrent resolution, adopted in accordance with all applicable rules for passage of a bill may refer to the Judiciary Commission for investigation any matter concerning the conduct of a judge that it finds could constitute gross misconduct or malfeasance.

§1424. Availability of Other Proceedings.

Nothing in this Chapter shall be construed as precluding removal of any official, including a judge, by impeachment at any time pursuant to Article X, Section 24 of the Constitution of Louisiana, removal of a judge by the Supreme Court pursuant to Article V, Section 25 of the Constitution of Louisiana, or removal by suit of officials subject to the provisions of Article X, Section 25 of the Constitution of Louisiana.

Section 2. This Act shall be known and may be cited as the "Jacob Carter Act."

Section 3. This Act shall become effective upon signature by the governor or, if not signed by the governor, upon expiration of the time for bills to become law without signature by the governor, as provided by Article III, Section 18 of the Constitution of Louisiana. If vetoed by the governor and subsequently approved by the legislature, this Act shall become effective on the day following such approval."

**STATE OF LOUISIANA
Legislative Fiscal Office**

TO: The Honorable Phillip DeVillier, Speaker of the House of Representatives
Honorable Members of the House of Representatives

FROM: Alan M. Boxberger, Legislative Fiscal Officer
Patrice Thomas, Deputy Fiscal Officer

DATE: May 28, 2026

SUBJECT: House Rule 7.19, HB 1 Engrossed with Senate Action

Pursuant to House Rule 7.19, the Legislative Fiscal Office (LFO) is required to submit a report to the House of Representatives, which indicates whether the General Appropriations Bill appropriates one-time money within House Bill 1 (HB 1). The LFO is providing this information for HB 1 Engrossed with Senate action.

HR 7.19 One-Time Money List

Pursuant to HR 7.19(C)(1)(b), appropriations from one-time money for ordinary recurring expenses may not exceed the projected growth of the state general fund from the fiscal year for which the appropriation is proposed and the subsequent fiscal year according to the most recent official forecast. The threshold calculation is the difference between the official SGF revenue forecast adopted by the Revenue Estimating Conference (REC) on May 08, 2025, for FY 27 of \$12,512.6 M and FY 28 of \$12,214.7 M, which equates to \$297.9 M of SGF revenue loss. The amount of one-time funds, as defined by HR 7.19, allowed to be appropriated for ordinary recurring expenses in HB 1 for FY 27 expenditure is \$0. **After Senate amendments there is no (\$0) one-time money as defined in House Rule 7.19 in HB 1 Engrossed with Senate action.**

FY 28 Replacement Financing Decision List

Although HR 7.19 contains a definition of "one-time money", the rule itself is not indicative of the financing decisions that will have to be made in FY 28 relative to the current structure of the FY 27 proposed operating budget. Due to this issue, the LFO not only provides the HR 7.19 list to comply with the House Rule, but also provides details of significant potential FY 28 financing replacements that will have to be made as a result of the proposed FY 27 budget.

For informational purposes, the Senate amended HB 1 to direct the treasury to deposit \$850 M out of the Revenue Stabilization Fund into various Statutory Dedications as itemized below:

Fund	Amount
Louisiana Transportation Infrastructure Fund	\$387,170,000
Louisiana Economic Development Initiatives Fund	\$98,000,000
Capital Outlay Savings Fund	\$85,369,000
Strategic Investments Across Louisiana Fund	\$82,770,259
High Impact Jobs Fund	\$73,000,000
Criminal Justice and First Responder Fund	\$37,224,595
State Emergency Response Fund	\$36,030,500
Major Events Incentive Fund	\$25,000,000
Higher Education Campus Revitalization Fund	\$7,300,000
Modernization and Security Fund	\$4,450,000
Oyster Resource Management Account	\$3,000,000
Criminal Justice Technology Innovation Fund	\$3,000,000
Louisiana Rural Infrastructure Revolving Loan Program Fund	\$2,500,000
Reading Enrichment and Academic Deliverables Fund	\$2,500,000
Federal Energy Settlement Fund	\$1,685,646
Louisiana Charter School Start-Up and Expansion Loan Fund	\$1,000,000
TOTAL	\$850,000,000

The vast majority of the monies out of these Statutory Dedications are subsequently appropriated to expenditures that would be

considered non-recurring in nature, such as: capital outlay projects, acquisitions and major repairs, one-time purchases or projects, or items typically sent to local governmental or non-governmental units in Schedule 20-945 Other Requirements. Items in 20-945 are typically non-recurred by the governor the following year when submitting the Executive Budget recommendation. For that reason, the LFO has excluded those items with a single exception.

The LFO has identified \$85.3 M in funds that may not be available in the future that are proposed to support items that could possibly be recurring expenditures for FY 28 and beyond that may require future appropriations. These funds include:

- \$73 M High Impact Jobs Fund for the High Impact Jobs Program.
- \$10 M LA Economic Development Initiatives Fund for an economic development project with Tulane University and Charity Hospital.
- \$2 M LA Economic Development Initiatives Fund for the Rural Health Innovation Program.
- \$300,000 Strategic Investments Across Louisiana Fund to Lincoln Parish District Attorney's Office to expand staffing.

High Impact Jobs Program - \$73 M High Impact Jobs Fund

The High Impact Jobs Program was established by Act 372 of the 2025 RS. This 10-year program within Louisiana Economic Development reimburses companies for a portion of the wages paid to create jobs that pay above the parish average wage or to retain workers with advanced degrees. The wage reimbursement grants range from 8% to 22% of qualifying wages, which are limited to \$200,000 per year per job. The reimbursement rate for retention grants of highly skilled labor is not specified in statute or rules, and such grants require the secretary's invitation and approval.

Program eligibility is outlined in statute (R.S. 47:2771(C)(2)) and further defined in rules promulgated by LED in December 2025. Certain industries are prioritized (namely those identified in LED's strategic plan), while others are explicitly excluded from participation. However, significant discretion over award decisions resides with the Secretary of LED.

LED may issue the first grants for the High Impact Job program on or after 7/01/26, but no statutory cap exists for the number of grants awarded to businesses. The initial term of contracts under the program is for three years, with an option for a two-year extension. The \$75 M appropriation contained in HB 1 Engrossed with Senate Action represents the initial funding for the program and includes \$2 M transferred from recurring SGF into the High Impact Jobs Fund in Schedule 20-XXX. Although funding is subject to annual appropriation, the multi-year nature of contracts (three to five years) creates potential future budgetary obligations and expectations of continued reimbursement by participating employers.

Economic development project with Tulane University and Charity Hospital - \$10 M LA Economic Development Initiatives Fund

HB 1 Engrossed with Senate Action provides \$10 M Statutory Dedications out of the Louisiana Economic Development Initiatives Fund for an economic development project with Tulane University and Charity Hospital. This enhancement represents the first \$10 M of a \$30 M commitment (\$10 M per year for 3 years) by LED to support a transformative Charity Hospital renovation. LED, the Division of Administration, and Tulane are anticipated to enter into a formal agreement with defined deliverables for the project.

Source of funding: HB 1 Engrossed with Senate Action directs the treasury to appropriate \$98 M from the Revenue Stabilization Trust Fund into the Louisiana Economic Development Initiatives Fund. HB 313 Engrossed with Senate Action specifies \$10 M within the fund shall be used for economic development investments associated with

the redevelopment of the Charity Hospital and Medical Center of Louisiana at New Orleans.

Rural Health Innovation Program - \$2 M LA Economic Development Initiatives Fund

HB 1 Engrossed with Senate Action provides \$24 M (\$22 M IAT from the Office of the Secretary, Louisiana Department of Health (LDH) to the Economic Development Program within LED and \$2 M Statutory Dedications out of the Louisiana Economic Development Initiatives Fund) for the Rural Health Innovation Program. LDH was awarded a federal grant for the Louisiana Rural Health Transformation Program (RHTP) totaling approximately \$208 M per year for five federal budget periods. This partnership between LED and LDH will serve to support the Rural Tech Catalyst Fund (RTCF), a component of the federal RHTP administered through a cooperative agreement with the Centers for Medicare and Medicaid Services (CMS). Under the program, LDH serves as the federal grantee of record and retains final award authority, while Louisiana Innovation (LA.IO) within LED administers the program pursuant to an interagency agreement with LDH.

Of the total funding, \$20 M supports milestone-based grants to early-stage health technology companies deploying rural healthcare solutions in Louisiana, with priority focus areas of rural healthcare access and chronic disease prevention and management. Grant awards will be distributed through a four-stage structure tied to objective performance milestones, including Louisiana market entry, rural pilot deployment, multisite implementation, and procurement. Individual company awards are capped at \$3 M over the life of participation in the program. Companies headquartered outside Louisiana may participate in the program but must establish verified Louisiana operations to advance beyond the initial stage of funding.

The remaining \$4 M (\$2 M IAT and \$2 M Statutory Dedications out of the Louisiana Economic Development Initiatives Fund) supports program administration and operations within LED, including staffing, contractor diligence, clinical review services, program infrastructure, and performance-based grants to Louisiana economic development support organizations that assist with recruitment and preparation for participation in the program. While \$2 M of these administrative expenditures are funded from LDH's broader federal RHTP administrative allocation and remain subject to the federal 10% administrative cost cap, the remaining \$2 M of funding in the Louisiana Economic Development Initiatives Fund originate from the Revenue Stabilization Trust Fund. HB 1 Engrossed with Senate Action directs the treasury to appropriate \$98 M from the Revenue Stabilization Trust Fund into the Louisiana Economic Development Initiatives Fund, while HB 313 Engrossed with Senate Action specifies \$2 M within the fund shall be used for innovation initiatives throughout the state.

The \$22 M IAT expenditure is expected to recur annually for each of the five federal budget periods under Louisiana's RHTP award, subject to continued federal appropriations, CMS approval, and an appropriation from the Louisiana Legislature. While the full \$4 M administrative allocation is expected to be expended in FY 27, actual FY 27 grant disbursements are anticipated to range between approximately \$12 M and \$16 M due to the program's phased, milestone-based structure, with remaining balances available for carryforward pursuant to CMS budget period rules and JLCB carryforward approval. LED indicates that the administration expenses of the program are anticipated to reach \$6 M in the subsequent years of the program, which may result in the need for additional monies appropriated in FY 28, FY 29, FY 30, and FY 31, should administrative expenditures materialize as the department anticipates. Such funding is subject to the appropriation of the Legislature.

Lincoln Parish District Attorney's Office - \$300,000 Strategic Investments Across Louisiana Fund

Contained within Schedule 20-945, Other Requirements, a legislative line-item appropriation provides \$300,000 to the Lincoln Parish District Attorney to expand staffing capacity. This item is assumed to be non-recurred in FY 28 per the Division of Administration's standard practice of removing items from Schedule 20-945 when submitting the Executive Budget recommendation. If Lincoln Parish uses these monies to expand its existing staffing levels, the DA's office would need to identify an alternate source of funds (local or state) in FY 28 to retain any additional personnel hired through this appropriation during FY 27.
